Aims and objectives
1. To provide the best possible quality service for our patients within a confidential and safe environment by working together
2. To show our patients courtesy and respect at all times irrespective of ethnic origin, religious belief, personal attributes or the nature of the health problem
3. To involve our patients in decisions regarding their treatment
4. To promote good health and well-being to our patients through education and information to achieve a good quality of life
5. To involve allied healthcare professionals in the care of our patients where it is in their best interests
6. To encourage our patients to get involved in the practice through national GP Patient Survey and invite patients to comment on the care they receive
7. To ensure that all member of the team have the right skills and appropriate up to date training to carry out their duties competently
